THE TALKATIVE HORSE

nov	■■■■■	excellent

Oratory Horses are not easily defeated in an argument, and in SEPT you may face several verbal sparring rounds. Your ability to make decisions propels you to the top of your field whether young or old, male or female. This month's beginning turns the Horse's luck around dramatically for the better, and by month's end you feel back to your optimistic self once more. In OCT, 1966-born Fire Horses could take on a second job or decide to put in overtime hours at work. Your affections may be torn between two. Someone from the past and someone new may require a choice. If an impasse has been reached, it's time to pick up the pieces and get on with your life. You'll feel much better once you are through this particular life path. Optimism in your soul and in your emotional environment is available to you in NOV. It is the perfect time to assume a leadership role and take charge of matters. Don't neglect your diet and nutrition.

THE ARTISTIC GOAT

nov	■■■■■	fair

Goats are warm-hearted, yet disorganised and extremely vulnerable in SEPT. You deplore being bound by restrictions and prefer to find natural solutions using your independent creativity. Hire some help or ask for assistance if your workload or everyday chores are piling up on you. Aqua-therapy, swimming, and being around all forms of water is beneficial for Goats in OCT. If recently bothered by a health problem or concern, you may find the cause to be fluid retention or edema in your tissues. The past few months have brought Goats work, work, work! The Goat loves art and creativity much better. You will benefit by taking a short jaunt to relax in NOV. For rejuvenation, find a quiet garden or peaceful woods to walk in. Ultra-feminine lady Sheep sizzle through summer evenings with a sexy Rabbit, a bawdy Pig or a sweet-talking Horse. Male Rams seduce with style, propriety, and exquisite "timing".

THE ENTERTAINING MONKEY

sep	■■■■■	good
oct	■■■■■	fair
nov	■■■■■	excellent

Clever Monkeys may have a card up their sleeve in SEPT, and you continue to be the most paradoxical and complex of the twelve signs. Others view you as an extremely intelligent and entertaining friend. While you are undeniably a strategic genius, you may also tend to conceal your true motives this month. Relax and be yourself. Withholding is terribly energy-depleting! OCT is favourable for starting litigation, seeking medical advice or asking for spiritual blessings. You may have trouble keeping up with your own moods this month and emotions cloud your judgement. During NOV, brainy Monkeys are blessed with a four-star month! New possibilities and new beginnings unfold before you. You look at the world with youthful and mischievous eyes and are somebody's hero, even if you don't know it. Spend some extra time with a child or youth this month. Enjoy both the mundane and esoteric blessings of the present moment.

THE INDUSTRIOUS ROOSTER

sep	■■■■■	difficult
oct	■■■■■	good
nov	■■■■■	fair

You cannot be bossed around and in SEPT, you may want to consider switching employment to an entrepreneurial effort, cutting out your own niche. It is a great month to ace examinations and earn high marks. If there is no one special in your life right now, there will be soon. The focus this month is on new avenues or paths: tearing down and rebuilding; out with the old and in with the new. You may regret an impromptu expenditure, but it will turn out to be a good decision. In OCT, resourceful Roosters are enthusiastic about details others have overlooked. If you have been waiting for an important letter, document or package to arrive, this month brings a resolution to the wait. You may now be only one step away from your material and spiritual desires. During NOV, lady Roosters search out the best values and shopping purchases and add a special new outfit to their closet. Mr Rooster receives a special gift from the lady in his life.

THE OBSERVANT DOG

nov	■■■■■	good

SEPT could be a bumpy road for Dog year souls as the Rooster month throws a double-dose of criticism their way. This a karmic combatant time and one mistake could have a domino effect. Now is a time to stick with the tried and true. Your unflinching loyalty to a difficult partner earns you the love and respect you so deeply need in OCT. Although plagued by frequent worries, a sharp tongue, and a tendency to find fault, your sincerity is unquestionable. Activists, teachers, and health-care workers feel a renewed sense of purpose and goals. Crusading Dogs become involved in yet another worthy cause this month. A little self-indulgence would now be good medicine. It is said that every dog has their day, and in NOV self-effacing Dogs have the opportunity to be in the spotlight. Your projects and work have an excellent chance of being recognised and you may be compensated generously.

THE HONEST PIG

sep	■■■■■	fair
oct	■■■■■	difficult
nov	■■■■■	difficult

SEPT is financially a successful month, as Pigs recoup recently incurred losses. Your reliable and honest nature urges you to put everything extra into savings, but save a little for some well deserved self-indulgences. Pigs could vacillate and have difficulty making up their minds on an important issue. Taking too long to deliberate can result in missed opportunities. You thirst for new sexual knowledge or experiences in OCT, and your mate or partner may be a bit shocked at some of your suggestions. They, of course, know that it is all in good fun. Be very sceptical and cautious throughout the month, as your credulity makes you susceptible to being duped or tricked this month. Steer clear of Snakes and Monkeys. During NOV, compassionate Pigs hold a friend's hand when times get rough. Your friendship will be rewarded many times over. Your own health may be fragile right now. Be sure to get plenty of sleep and eat nutritious foods.
