

THE CURRENT **TOP 10**

clairvoyants

IN AUSTRALIA

 **UPDATED EVERY SEASON**

In every issue, Your Stars magazine profiles the current top clairvoyants in the country. This is the official listing based on all clairvoyants registered with The Psychic Club Of Australia. Please note that obviously not every single psychic in the country is registered with us.

The Top 10 are updated every season, based on the previous season's popularity of different professional clairvoyants. That is, they are listed in order of how many readings they have performed in the last three month period.

Sometimes new faces appear in the Top 10 listing, however usually most will be familiar, as the best clairvoyants are always in great demand and have established their place among the most well-known readers in Australia. Nothing succeeds like success!

Some of the clairvoyants you will read about here have performed in excess of 3000 readings per year, consistently for a number of years now. They haven't just done a weekend course, that's for sure! They can certainly be considered "professional" clairvoyants. Don't fall into the trap of believing rumours that a clairvoyant is booked out for months in advance, often you'll find that is caused by the fact that they only do five or ten readings a week.

For a reading with any of these clairvoyants, please refer to the back cover of Your Stars. Since 1996 we have been proud to present an exclusive service for phone readings with the clairvoyants in the official Top 10 listing.

To read not one but all of the letters of feedback written by clients about a clairvoyant simply surf onto www.top10readers.com Some of them have a list of client letters so long you simply won't be able to read them all!

At the official website you'll also be able to see large colour photographs of each reader and even hear their voices so you can sense for yourself which clairvoyant would be suitable for you.

NEW FEATURE

Call the freecall number 1800TOP TEN day or night (1800 867 836) and you can choose option 4 which will enable you to hear an audio profile spoken by any one of the clairvoyants. This is an audio profile spoken in their own voice about their unique style of reading and how they like to carry out a session with a client. You will then hear one or two messages of feedback recorded by clients after finishing a reading with that clairvoyant. This should help you to choose which clairvoyant will be best for you.

PAULA WALDRON
FROM ROCKHAMPTON QLD

The reader with more regular clients than anyone else. In a sense, that is a testament to her ability. Using the clairvoyant faculty of 'voice connection' Paula receives very strong impressions which many people say are reliable. She tells you what you "should" do or how things "will" turn out. Dependable in her intuitive clarity and a very sweet lady to talk with as well!

THE STORY OF PAULA . . . Paula is one of the long-standing "in-demand" clairvoyants in Australia. She is a part of that elite small handful of clairvoyants in this country who perform thousands of readings every single year. Being highly sought after and having many regular clients is its own testimony to a reader's ability. Even when her clients move overseas, they still call Australia to talk to her.

For almost four years now, she's been at the top of The Psychic Club Of Australia's Top 10 listing and lately she's always at the top. As a clairvoyant who doesn't use cards but rather uses direct psychic power through "voice connection", the reliability of her feelings and strong impressions place her in a standard of a world class psychic. Her many loyal clients swear by her accuracy and speak of her highly also as a warm and soft person who truly tries to help you within the time she has with you.

This softly spoken lady is also one of the most devoted supporters of the work The Psychic Club Of Australia does in the industry and is unflinching in her loyalty to this leading organisation and the service it provides. She performs no private readings, works for nobody else, apart from the service supported by the club and is established with the top clairvoyants around the country.

I found Paula to be caring and honest when talking to her. I felt as though my situation was beyond resolution. She has given me back the hope I was losing. I wish to, in the coming months, confirm that everything worked out as well as predicted. My faith has been reinforced by reading the testimonials of others. May you be blessed for the guidance you have given to others like myself. For now only time will tell. But rest assured that as soon as my dream/wish comes about as predicted (and I believe it will), you'll be the first to know (after I've contained my excitement, that is). You've given me a rainbow where I only saw grey skies and rain. Thanks for bringing me happiness.

B. from Canberra ACT
